

Iowa Living Roadways Community Visioning Program  
Odebolt Betterment Committee Meeting  
November 18, 2008

The Odebolt Betterment Committee met at the Odebolt Fire Station on November 18, 2008 @ 7:00 p.m. Those in attendance were Chairman Howard Hustedt, Madeline Meyer, Mary Jeanne Thompson, Kerry & Deb Reinhart, Joel Ahart and Joan Godbersen.

Madeline, Joel & Pam felt the statewide Meeting was both beneficial and enjoyable. Shirley and Tom were also there as well as our Landscape Architect Joshua Shields, and there were a couple of people there from Sac City. Information was shared and booklets and handouts were made available to the group.

Everyone was eager to share their findings on their assigned projects. Howard had bids for the Hwy. 175 shelter house and the directional signs. He will be working with Vance on more details and with the DOT on right-of-way regulations. They also have or will have the signed leased agreements for each sign. (The City currently has one for the Wallace property and the Diersen property.)

Kerry & Deb have volunteered to make the shelter house their pet project.

Madeline had a very professional detailed bid from Mike's Lawn Service for the shrubs, flowers, edging and labor. She will be revisiting with Les Wilshusen about getting more native-to-Iowa plants & shrubs.

In the event that no one was assigned or accepted the position of keeping the minutes, Joan will accept.

Assignments:

Howard...continue as above

Madeline....continue as above

Kerry & Deb....measurements etc. for the Hwy. 175 Park

Joan will... email the Project Description report to Shirley for her input and request a letter of support and invite her to the meeting on the 25<sup>th</sup>

.....contact the necessary people for letters of support

....continue with the skeleton of the grant

...request a copy of Lake View's application

We will meet again at City Hall on Tuesday, November 25 @ 1:30 p.m.
